DEDICATION

The fair board would like to dedicate this year's fair book to Thomas Bennett and William Houseworth.

Tom has been on the board for 59 years and was treasurer for many years. In 2011, he was inducted into the NYS Fair Association Hall Of Fame. Tom was also NYS Fair Association Director for District 6 for many years.

Bill has been on the board for 25 years and very instrumental in keeping the fair grounds and equipment in top shape. He was always willing to help all departments.

Both Tom and Bill have been a big factor in keeping the standards of our country fair one of the best and successful in the state. They had more knowledge about managing a country fair that most of us will ever have. Their ideals and professionalism have been at the highest level in accomplishing our goals of promoting agriculture, education and providing entertainment for the whole family. They will be greatly missed.

BY-LAWS

All rules and regulations published in this book are made a part of the conditions under which all entries are accepted, or exhibit space or concession licenses granted.

The Union Agricultural and Horticultural Society reserves the final and absolute right to interpret the rules and regulations and arbitrarily settle and determine all matters, questions and differences, in regard thereto, or otherwise arising out of, or connected with or incident to the Fair.

Any person who violates any of the following general rules and regulations or any special rule or rules shall forfeit all privileges and premiums and be subject to such penalty as the management may order.

Address all communications to:
**UNION AGRICULTURAL AND
 HORTICULTURAL SOCIETY**
PO BOX 399
TRUMANSBURG, NEW YORK 14886

RULE 1. TIME FOR MAKING ENTRIES. Entries may be made by mail or personally at any time after this list is received. Exhibitors are required to make themselves acquainted with the Premium Book and regulations so as to make certain in which sections and departments their entries belong as well as period of exhibit. All entries must be made on Fair Entry Blanks. Additional blanks will be furnished upon application. Please note closing dates. Closing dates will be enforced.

RULE 2. PLACE FOR MAKING ENTRIES. Entries may be made by mail or in person at the office of the Secretary Jennifer Reynolds, PO Box 399, Trumansburg, NY 14886, or email Jenn.TburgFair@gmail.com. The tags for the various exhibits will be mailed providing the correct amount of entry fee is enclosed. Checks should be made payable to the TRUMANSBURG AGRICULTURAL SOCIETY. IF ENTRIES ARE RECEIVED TOO LATE FOR TAGS TO REACH EXHIBITORS IN TIME FOR THE FAIR, TAGS WILL BE HELD AT THE SECRETARY'S OFFICE ON THE GROUNDS, WHERE THEY MAY BE CALLED FOR. PLEASE CHECK CLOSING DATES.

RULE 3. ENTRY BLANKS. All entry blanks, which are filled out by the Secretary or her clerks, will be charged to exhibitor, who require this service at the rate of \$1.00 per sheet.

RULE 4. ENTRIES TO BE MADE IN OWNERS' NAME. The entries must be made in the name of the actual

growers, producers, owners or manufacturers.

RULE 5. EXAMINATION OF ENTRY CARDS. Exhibitors are requested to examine their entry cards at the time of making the entries so that if any mistakes have been made they can be corrected. No person can make a change or withdraw any article entered for competition or exhibition after having once entered it. THIS RULE WILL BE RIGIDLY ENFORCED IN ALL DEPARTMENTS. THERE WILL BE NO REFUND OF ENTRY FEES.

RULE 6. DISPLAY OF ENTRY TAGS AND RIBBONS. All entry tags and ribbons must be displayed during the exhibition.

RULE 7. COMPETITION DEFINED. Competition is defined as a contest for supremacy between two or more products, or articles or animals owned by separate exhibitors. Exhibitors having no competition in a class or section will be awarded but one premium (the first or second premium, as the Judges think deserved) unless otherwise noted under Special Department Rules and all premiums shall be awarded subject to the action of the Board of Directors.

RULE 8. LIMITATION OF ENTRIES. NO LIMITATION OF ENTRIES, UNLESS CAPACITY IS REACHED.

RULE 9. COMPUTATION OF AGES OF ANIMALS. The ages of all animals must be given, and satisfactorily verified, if required.

RULE 10. REMOVAL OF EXHIBITS. No cattle shall be removed from the grounds until after the parade on Saturday, August 26 2023. All other articles can not be removed until Sunday, August 27, 2023. This rule will be rigidly enforced, as it is the purpose of the Management to have all the exhibits on the closing day equally attractive in every department, as at any time during the week. Removal before that time will cause forfeiture of any premiums awarded.

RULE 11. EXHIBITORS RESPONSIBLE FOR ENTRIES. The Society will not be responsible for the omission of any article or animal not entered strictly in accordance with its rules.

RULE 12. STALLS AND FORAGE FOR ANIMALS. Stalls or pens for cattle and horses will be provided without charge for exhibition stock from Tuesday, August 22 until the close of the Fair. No feed of any description will be furnished to horses, cattle or poultry during the exhibition.

RULE 13. EXHIBITORS AND HELPERS TICKETS. Every exhibitor is requested to study the rules in regard to Exhibitors Tickets as noted under Special Department Rules.

RULE 14. ENTRY FEES. ENTRY FEES MUST ACCOMPANY ENTRIES; FOR AMOUNT OF FEES, REFER TO EACH DEPARTMENT. No entry fees will be required in the School Department or Youth Department. **WHEN ENTRY FEE IS \$3.00 OR OVER IN DEPARTMENTS A & B, OR OVER \$.50 IN ANY OTHER DEPARTMENT, AN EXHIBITORS TICKET MUST BE PURCHASED.** Truck and Tractor Pull, Horse Show, Horse Pull and Horse Shoe entry fee payable at event.

RULE 15. LIABILITY. Every possible protection and courtesy will be extended exhibitors at the Trumansburg Fair, but the Society shall not be responsible for the loss of exhibits, animals or equipment in case of fire, theft or loss from any other cause; and the Society will not assume any liability for personal injury sustained either by exhibitors, helpers, visitors or guests. The Society will use diligence to insure the safety of articles entered for exhibition, after their arrival and placement, but under no circumstances will it be responsible for any loss, injury or damage done to, or occasioned by, or arising from any article on exhibition, and the exhibitor shall indemnify the Fair and Management thereof, against all legal or other proceedings in regard thereto.

RULE 16. PAYMENT OF PREMIUMS. Premium checks will be mailed not later than November 15 by the Trumansburg Agricultural Society to the winners of various awards as shown on the Judge's records. Exhibitors desiring their premium money paid to agent or employees must furnish same with written order of power of attorney to this effect. In paying premiums, no evidence of award shall be recognized except the Judge's book properly signed by the Judges and not from ribbons that may be attached to exhibits. Should stormy weather or unavoidable occurrences interpose at any Fair to reduce the net receipts below the requirements for premiums, the Society reserves the right to pay premiums on a pro rate basis after all expense is paid.

ALL PREMIUM CHECKS NOT PRESENTED BEFORE DECEMBER 1, 2023 SHALL BECOME NULL AND VOID.

RULE 17. JUDGES. As far as possible the single Judge will rule and great care will be taken to select only those who are qualified. Judges will receive their books from the Secretary and when the award is completed, the book, properly signed by the Judges in every case, must be returned to him at once. Judging will commence on Tuesday at 1:00 pm and continue until completed. No person or persons will be allowed to interfere with the Judges in the discharge of their duties. Persons

wishing to explain in regard to their exhibits can do so through the Superintendent of the Department. In case an animal or article has not been entered, the Judge must not award a premium or have it entered after entries close. No consideration should be given by the Judge to any article to which entry tags are not attached. When the Judges have reason to doubt the pedigree of any animal or bird or the representatives made of any article, they must report at once to the Superintendent of the Department, who will gather such evidence as he can at the Secretary's office by other methods. Where exhibits have been erroneously entered, the Judges may have the same corrected by the Entry Clerk, in the Secretary's office before they judge that class, but not after. No additions to or changes in the Judges Record shall be made by any persons except an Entry Clerk in the Secretary's office. The decision of the Judges shall be final in all cases, except when mistakes, frauds or misrepresentations are shown. In such case the Director or such referee as the Directors may select, shall decide. Each Superintendent will arrange a Judge or Judges for their department and must file his or her name with the Secretary prior to the judging.

RULE 18. PERMITS AND PRIVILEGES. Management reserves the right of cancellations at any time for reason satisfactory to it of all contracts made with concessionaires. Each concessionaire must confine himself to the space assigned him. Failure to do so will subject him to forfeiture of this privilege, without resource. Concessionaires must abide by the laws of the State and County. Anyone found violating these laws will be closed, forfeiting their concession money and ordered from the grounds. All drinking and eating concessions must furnish themselves with proper and sanitary equipment that will comply with the rules and regulations of the Health Department. This rule will be strictly enforced. All concessions shall keep posted in plain view at the front entrance and conspicuously displayed inside place of business a sign showing concession number and the price to be charged for meals, lunches or other articles of food offered for sale, or services performed. The Society will use every precaution to guard against extortion in any form practiced upon patrons of the Fair. A violation of this rule by the concessionaire will cause the forfeiture of contract, money paid, or expulsion from the grounds as the Management may direct.

RULE 19. ADVERTISING RESTRICTIONS. Under no circumstances will any person or firm be allowed to place any advertising matter upon buildings, trees or any place on the grounds, nor will they be permitted to distribute advertising matter outside of the place assigned to them.

RULE 20. SOLICITING PROHIBITED. The circulation of subscription list or soliciting in any manner, for whatsoever purpose, will not be permitted in any building or on the Fair Grounds, other than in regularly authorized concessions and in these excepted instances only upon the written authorization of the officer in charge. Soliciting subscription of any newspaper or periodical will be permitted only upon written request of publisher or manager to the Secretary of the Fair.

RULE 21. ELECTRIC LIGHTS AND POWER. Charges for electricity and wiring shall be made to exhibitors and concessionaires in keeping with the schedule on file in the office of the Secretary of the Fair, which will be furnished upon request.

RULE 22. DELIVERY TRUCKS. All trucks delivering merchandise and merchants soliciting business on the grounds will be required to purchase a Supply Truck Permit at \$45.00 unless a \$45.00 ad is given for Premium Book. No supply truck or wagon will be admitted to the grounds any day of the Fair after 12 noon except in case of serious emergency. The Fair Association reserves the right to exclude any and all delivery vehicles, if in their judgment their methods are detrimental to the best interest of the Fair.

RULE 23. FREE PARKING. Automobiles must be parked on space designed by the Management and not elsewhere. The Society shall not be liable under any circumstances whether of negligence of itself, its agent or otherwise, of any injury to his or her person, or for any loss of injury to his or her property.

RULE 23A. ALL MOBILE HOMES, TRAILERS, AND CAMPERS MUST PAY A \$20.00/DAY RENTAL FEE IF PARKED ON THE GROUNDS FOR LIVING QUARTERS WHETHER CONNECTED OR HOOKED UP. Also see Rule 21.

RULE 24. INVITATIONS TO OFFICERS OF OTHER AGRICULTURAL SOCIETIES. Officers of other Agricultural Societies are cordially invited to attend the Trumansburg Fair and are respectfully requested to present themselves at the Secretary's office. Those unknown to the Secretary are requested to present letters or other identification.

RULE 25. No guards will be on duty before Tuesday afternoon.

RULE 26. Holders of Exhibitors Tickets residing in the Townships of Ulysses, Hector & Covert may vote at the annual meeting by properly executed Proxy.

RULE 27. The annual meeting shall be held between the 1st and the 31st of December each year following the Fair. Such notice shall be published in a local paper before the meeting and will give time, place and date of the meeting.

RULE 28. All Superintendents may vote at the annual meeting.

RULE 29. Open campaigning on all fair grounds in New York State directly affects all fairs in New York State, public or open campaigning involving the passing out of literature and public speaking on a fair grounds would throw this privilege open to all regions, cults, and types of business as well as politicians. This action would adversely affect all fairs in the State of New York and ultimately reduce the income from concessionaires as well as attendance if not legally stopped immediately for now and ever on all fair grounds in the State of New York. Be it resolved that the fairs belonging to the New York State Association of Agricultural Fairs band together to prohibit this type of activity on all fair grounds in New York State and that the New York State Association of Agricultural Fairs assist all fairs in the State of New York to prohibit this type of infringement and to assist in having the New York State Department of Agriculture and Markets take an active part in helping fairs to ward off this type of fair abuse. SALE OR DISTRIBUTION OF ANY MERCHANDISE, INCLUDING PRINTED OR WRITTEN MATERIAL, EXCEPT UNDER LICENSE ISSUED BY THE TRUMANSBURG FAIR AND/OR FROM A DULY LICENSED LOCATION SHALL BE PROHIBITED.

RULE 30. NO ALCOHOLIC BEVERAGES ALLOWED ON MIDWAY.

STANDARDS OF CONDUCT OF FAIRS

STANDARD NO. 1 - Entry fee maximums. Entry fees shall not exceed ten (10) percent of first premium. Any deviation from this standard must receive the approval of the Commissioner.

STANDARD NO. 2 - No fee for 4-H, F.F.A., Junior Fair or School Department Exhibits. No entry fee shall be charged for 4-H Club, F.F.A. and Junior Fair exhibits entered for competition in their own classes, or for entries in the School Department.

STANDARD NO. 3 - Prompt, full payment of premiums. All premiums advertised and awarded must be paid promptly and in full, without deduction in the guise of donations or otherwise, notwithstanding any statement to the contrary or in modification thereof announced or stated in the premium book.

STANDARD NO. 4 - No premium for unworthy exhibit. No premium should be awarded by any Judge or paid by any Society for an unworthy exhibit.

STANDARD NO. 6 - No exhibits by Judges in departments they oversee. No Judges shall be permitted to enter exhibits in competition for premiums in the department with which they are connected.

STANDARD NO. 7 - Exhibits to be plainly labeled. All exhibits must be plainly labeled so that the full significance of the exhibits will be made clear.

STANDARD NO. 8 - Re-exhibition in Domestic Department. No article shall be permitted to be exhibited in the Domestic Department if it has been previously exhibited therein, unless by official action of the Board of Directors of any Fair Society, an exception is made to this requirement.

STANDARD NO. 9 - Exhibits in the name of bona fide owner; ownership of horses entered in 4-H shows or exhibitions; poultry, sheep, swine limits.

(a) All exhibits must be entered in the name of bona fide owner.

(b) Ownership of all exhibits must have existed for at least thirty (30) days previous to the time of showing, unless exhibited by the original producer or fabricator of the article exhibited.

(c) Proof of ownership of all exhibits must be presented by the exhibitor on request of the Fair Society.

(d) In the case of horses entered in 4-H horse shows or exhibitions the animal may be owned by the exhibitor or his immediate family.

(e) In such departments as poultry, sheep and swine, the number of breeds that an exhibitor or family shows may be limited to the number of breeds to be determined by official action at a meeting of the Board of Directors of any Fair Society.

STANDARD NO. 10 - Rejection or refusal of an exhibit. Any Fair Society shall reserve the right to reject or refuse and to order the removal of any exhibit which, in the opinion of its Board of Directors, is not eligible or worthy of showing or has not met the livestock health requirements.

STANDARD NO. 11 - Compliance with and enforcement of livestock health requirements. Each Fair or Exposition which receives money from the State pursuant to Article 24 of the Agriculture and Markets Law shall comply with and enforce the livestock health requirements set forth in Part 351 hereof.

ANIMAL HEALTH REQUIREMENTS

Animal Health Requirements For Admission to New York State and County Fairs (Part 351 of NYS Agriculture and Markets Regulations)

NYS Department of Agriculture and Markets/Division of Animal Industry
10B Airline Drive, Albany, NY 12235 518-457-3502 www.agriculture.ny.gov/AI/AIHome.html

General Prohibitions and Requirements

- No person shall bring or have present an animal on the fairgrounds for any reason (show, exhibit, raffle, demonstration, display) during a fair which is not qualified under NYS regulations.
- No person shall present an interstate or intrastate certificate of veterinary inspection that has been altered by anyone other than the issuing veterinarian.
- Animals demonstrating clinical signs or other evidence of infectious, contagious, or communicable diseases shall not be allowed on the fairgrounds during a fair.
- Representatives of the Commissioner may deny admission to, or require removal from, the fair premises or require the segregation of any animal showing signs of, or exposed to, any infectious, contagious, or communicable disease.

NOTE: The fair board of directors has the authority to reject unworthy or unsightly exhibits for reasons other than infectious, contagious, or communicable disease (Part 350.10). The state veterinarian or animal health inspector will bring questionable exhibits to the attention of the fair board.

- All animals presented that originate from a location other than New York shall meet all New York State importation regulations appropriate to the species in addition to the fair animal health requirements.

Certificates of Veterinary Inspection (CVI)

- Cattle, sheep, goats, swine, llamas, alpacas, deer, and misc. ruminants require a valid CVI to enter the fairgrounds.
- The CVI must be issued by a Category 2 accredited veterinarian. Wet ink signatures for paper CVIs or e-signature for eCVIs are acceptable.
- All animals must be officially identified. ALL MANMADE ID MUST BE RECORDED. Refer to Animal Identification section below for more information.
- Only one species is allowed per certificate.
- The type and duration of certificate required depends on the origin of the livestock.

New York Origin Livestock:

- A valid intrastate CVI (AI-61) is required.
- Each animal must be individually identified on the CVI (see below).
- The CVI must be issued on or after May 1 of the current year.

Out of State Origin Livestock:

- All animals entering New York State must satisfy import health and test requirements for that species and be accompanied by a valid interstate CVI.
- An e-CVI may be issued but a paper copy of the e-CVI is required for the animal check-in process.
- The interstate CVI is valid for 30 days from the date of CVI inspection. During the fair season (July 1 through Labor Day) valid CVI's can be used multiple times for entrance into fairs.

The initial entrance into a NY fair must be within 30 days of the date of CVI inspection. In order for the CVI to be used for a later fair, it must be dated and initialed by a NYS Agriculture and Markets official noting the location of the initial fair. A change in health status or eligibility of an animal necessitates the generation of a new CVI.

Questions regarding import requirements should be directed to the Division of Animal Industry at 518-457-3971, or at the division's import/export homepage: <https://agriculture.ny.gov/animals/animal-import-export>

ANIMAL IDENTIFICATION

• ALL MANMADE ID MUST BE RECORDED

- Cattle must be identified by an official USDA approved ear tag. Radio frequency identification (RFID) ear tags, commonly referred to as "840 RFID tags," are strongly recommended.
- Sheep and goats must be identified by official scrapie identification (see sheep and goat sections below).
- Swine must be identified by an official USDA approved ear tag. Radio frequency identification (RFID) ear tags, commonly referred to as "840 RFID tags," are strongly recommended. Nursing piglets do not have to be individually identified if the sow is correctly identified on the CVI and the number of piglets in the litter is noted on the CVI.
- Llamas and alpacas must be identified by official ear tag or microchip.
- Misc. ruminants must be identified by unique ear tag or microchip.
- A complete written description is sufficient identification for horses entering New York accompanied by a CVI. The description must match the EIA test record. Horse sketches and descriptions should reference color pattern, hair whorls, chestnuts, scars, and other markings as necessary to uniquely identify the horse. Tattoos and microchips if any should be included. "Bay, no markings" is not an acceptable description for a CVI or EIA test record.
- NOTE: If you are exhibiting animals identified by microchip, a working reader must be supplied by the exhibitor.
- For questions on animal identification please contact your veterinarian or our office at 518-457-3502.

Rabies Vaccination

- Rabies vaccination is required for all species for which there is a USDA licensed vaccine available (cattle, horses, sheep, dog, cat, ferret) and that are 4 months of age or older on the date of admission to the fair.
 - o For most rabies vaccines, the earliest age allowable for primary vaccination is 3 months. Animals that are vaccinated prior to 3 months of age will need to be re-vaccinated according to label before entering the fairgrounds.

- Vaccine must have been administered within the past 12 months. The exception is Imrab LA vaccine used in sheep which protects for 3 years after the second annual vaccination (consult your veterinarian).
- The rabies vaccination requirement must be met on the day of admission even if the animal was previously admitted to a fair when too young to vaccinate.
- NOTE: Individual fairs can require animals for which there is no approved rabies vaccine to be vaccinated for rabies. The requirements outlined above would apply. The fair is responsible for notifying exhibitors. The New York State Fair requires rabies vaccination for all livestock species entering the grounds.

Acceptable Proof of Rabies Vaccination

- Acceptable proof of rabies vaccination must include a signed written statement from the veterinarian administering the vaccine or a valid certificate of veterinary inspection that has the vaccination listed and is signed by the Category 2 accredited veterinarian.
- Acceptable proof of rabies vaccination must include the name of the product used, the date of administration, and the duration of immunity if longer than one year (sheep only).
- If the statement of rabies vaccination is included on an EIA test record, it must be signed separately in addition to the required EIA test record signature.
- NOTE: Rabies titers are not acceptable proof of rabies protection and cannot be used to meet entry requirements.
- Acceptable proof of vaccination for dogs is a valid vaccination certificate or a copy of the dog license that contains the rabies vaccination information.

BVD-PI Testing

- All cattle, llamas, and alpacas exhibited at NY county fairs, or the State Fair must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). The testing veterinarian is responsible to make sure the proper test is conducted. This is a once in a lifetime test that must be reported on the required certificate of veterinary inspection. The issuing veterinarian is responsible for verifying the validity of the test, official identification of the animal, and recording the test date on the CVI. If a previous test is not verifiable, the test must be repeated.

Cleaning and Disinfection

- All buildings on the fairgrounds housing animals must be cleaned and disinfected prior to the opening of the fair and between groups of animals when housing is rotated (Section 50.2 of Agriculture and Market regulations).

Animal Deaths

- Occasionally animal deaths occur at a fair. If a death occurs it must be reported to the state veterinarian in charge as soon as possible for review. The animal must be promptly removed from the public exhibit area to a secure location and held for the veterinarian prior to disposal.

Calving, Kidding, and Lambing

- Any cattle, goats, or sheep that calve, kid, or lamb while at a county fair or the State Fair will be ordered removed from the fairgrounds along with their offspring, unless the animals are part of a birthing demonstration.

Commingling of Sheep and Cattle

- Due to the potential spread of malignant catarrhal fever from sheep to cattle, it is strongly recommended that cattle be kept separate from sheep.

Commingling of Swine and Poultry

- Due to the potential spread of influenza virus, it is recommended that swine and poultry be housed in separate locations.

Isolation on Returning Home

- The owner or custodian shall keep show animals biologically separate from the herd or flock for a period of at least two weeks after returning to the premises of origin. If any illness is noted in the exhibition animals, the owner should contact their veterinarian immediately.

INDIVIDUAL SPECIES REQUIREMENTS

Horses

- Certificate of Veterinary Inspection (CVI) is not required for New York origin horses. CVI is required for imported horses. Extended Equine CVIs (EECVIs) are acceptable. For more information on EECVIs, visit <http://www.globalvetlink.com>.
- Negative Equine Infectious Anemia (EIA) test is required for all horses 6 months of age or older. The horse must be accompanied by a valid negative EIA test record, signed by a Category 2 accredited veterinarian. The sample collection date for the qualifying EIA test must have been on or after January 1, 2022, for New York origin horses. For imported horses, the EIA test must have been conducted within 12 months prior to entry. The EIA test certificate must include a complete description of the horse.
- Rabies vaccination within 12 months is required for all horses 4 months of age or 4 older (see above).

Cattle

- Certificate of Veterinary Inspection with animals properly identified. See Animal Identification section above.
- Rabies vaccination is required for all cattle 4 months of age or older (see above).
- All cattle must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). The date and results of the testing must be noted on the certificate of veterinary inspection.
- All cattle must be vaccinated against bovine respiratory disease complex including bovine respiratory syncytial virus, bovine virus diarrhea, infectious bovine rhinotracheitis and parainfluenza with a product administered in a manner and time frame adequate to confer protective immunity for these diseases for the duration of the fair. The date and vaccine product should be documented.

Sheep

- Certificate of Veterinary Inspection with animals individually identified with USDA approved scrapie identification. Identification must be one of the following: 1) USDA approved tags or 2) a legible USDA approved flock tattoo and individual animal ID number or 3) electronic implant device (microchip) if the sheep is enrolled in the Scrapie Flock Certification Program. For information on scrapie ID, contact USDA at 1-866-USDA-TAG (1-866-873-2824).
- Rabies vaccination is required for all sheep 4 months of age or older (see above).
- The CVI must contain a written statement from the issuing Category 2 accredited veterinarian that the flock of origin was inspected after May 1 of the current year and no evidence of contagious, infectious, or communicable diseases was found.
- If evidence of soremouth (contagious ecthyma) is found on any sheep, the entire exhibit including the affected animals (and any small ruminants from any other flock on the same conveyance

to the fairgrounds) shall immediately be removed from the fair premises with the holding pens cleaned and disinfected immediately after removal.

Goats

- Certificate of Veterinary Inspection with animals individually identified with USDA approved scrapie identification. Identification must be one of the following: 1) USDA approved tags or 2) a legible registration tattoo or 3) a legible USDA approved herd tattoo and individual animal ID number or 4) electronic implant device (microchip) if the goat is enrolled in the Scrapie Flock Certification Program and/or the electronic implant ID is recorded on the goat's registration paper. For information on scrapie ID, contact USDA at 1-866-USDA-TAG (1-866-873-2824).
- The CVI must contain a written statement from the issuing Category 2 accredited veterinarian that the herd of origin was inspected after May 1 of the current year and no evidence of contagious, infectious, or communicable diseases was found.
- If evidence of soremouth (contagious ecthyma) is found on any goat, the entire exhibit including the affected animals (and any small ruminants from any other flock on the same conveyance to the fairgrounds) shall immediately be removed from the fair premises with the holding pens cleaned and disinfected immediately after removal.

Swine

- Certificate of Veterinary Inspection with animals properly identified. See Animal Identification section above.

Llamas and Alpacas

- Certificate of Veterinary Inspection with animals properly identified. See Animal Identification section above.
- All llamas and alpacas must be negative to an approved test appropriate to detect Bovine Viral Diarrhea persistent infection (BVD-PI). The date and results of the testing must be noted on the certificate of veterinary inspection.

Poultry

- Poultry (with the exception of doves, pigeons, and waterfowl) must be accompanied by 1) results of a negative pullorum typhoid test conducted within 90 days prior to exhibition OR 2) proof that the birds originated directly from a US pullorum-typhoid clean flock or equivalent flock.
- Poultry qualified by 90-day test must be identified by official leg band.
- Proof of NPIP status must be in the form of an NPIP certificate or purchase receipt containing NPIP certification information. If utilizing a receipt, it must be dated within 1 year of the date of admission to the fair.

Deer/Elk (Cervidae)

- Certificate of Veterinary Inspection with animals properly identified. See Animal Identification section above.
- Originate from a herd classified as accredited or qualified under USDA tuberculosis regulations.
- A movement permit obtained from the Division of Animal Industry is required for all deer movements. All CWD and TB program requirements must be met before a permit will be issued. Questions regarding movement permits should be directed to the Division of Animal Industry at 518-457-3502.

Miscellaneous Ruminants

- Certificate of Veterinary Inspection with animals properly identified. See Animal Identification section above.

EXHIBITOR PRE-FAIR GUIDELINES

Cattle, Sheep, Goats, Swine, Llamas, and Alpacas, Cervids, Misc. Ruminants

- Review the animal health requirements booklet including information for your species before your veterinarian arrives to inspect your animals. If you have any questions, ask.
- Your veterinarian is responsible for inspecting your animals and completing the certificate of veterinary inspection (CVI). Call early to avoid the last-minute rush when mistakes are made and there is no time to correct.
- Make sure USDA approved official ear tags are present on cattle and swine and USDA approved scrapie ID is in place on sheep and goats. Official ID must be applied to animals prior to regulatory testing and completion of the CVI.
- Llamas and alpacas require a microchip or ear tag. If a microchip is utilized make sure the veterinarian confirms the microchip ID or places one. If your animal is identified by a microchip, make sure you bring a working reader with you to the fair.
- ALL IDENTIFICATION MUST BE RECORDED. Make sure it is.
- Review the CVI carefully upon receipt to make sure all the information is correct including any required test or vaccination information.
- DO NOT stuff it in an envelope and assume all is well. The time to correct is before pulling them out at the fair. The CVI is your document, and you share responsibility if it is incorrect.
- If you are importing livestock from out of state, make sure the interstate requirements are met and you have a valid interstate certificate of veterinary inspection.

Poultry

- Schedule pullorum flock inspection and testing well ahead of the fair if your flock is participating in the NPIP program.
- If you're having your birds tested within 90 days of the fair, you must go to a pullorum clinic. Available clinics are listed on the Dept. website. No individual testing is available if you miss a clinic.
- Birds qualified by 90-day test must be identified by official leg band.
- Bring documentation with you to the fair in the form of a 1) current NPIP certificate, 2) 90-day test chart or 3) purchase receipt with NPIP certification within 1 year of the date of admission to the fair.

Horses

- NY origin horses must be accompanied by a negative EIA test report. The date of sample collection for the qualifying EIA test must have been on or after January 1, 2022.
- Imported horses must be accompanied by an interstate certificate of veterinary inspection with a negative EIA test within 12 months prior to entry. Rabies vaccination information can be incorporated into the CVI.
- Drawing or photograph must match the horse.
- Rabies vaccination must be within 1 year of arrival at the fair and be documented by a signed rabies certificate or a signed statement on the EIA test chart with the required information (see requirements).

MOST IMPORTANT

When you are loading your livestock for the trip to the fair, take the time to examine them. Make sure they are the same animals that are on the paperwork and official ID is present and legible. If they are showing any signs of illness, LEAVE THEM HOME.

INTERSTATE HEALTH REQUIREMENTS FOR FAIR ANIMALS

This document is a supplement to the Animal Health Requirements (AI-202) published for animals exhibited at New York State county fairs and the State Fair. Its purpose is to summarize the import requirements that must be met for livestock entering New York destined for fairs. Please carefully review the Animal Health Requirements. Note that individual county fairs may require rabies vaccination in species not required by the state. Contact the specific fair for their requirements. Fair contact information is available at www.nyfairs.org. Further assistance can be obtained by contacting the Division of Animal Industry (DAI) at 518-457-3502 or your State Veterinarian's office. You can also go to the following link on our Dept. website: <https://agriculture.ny.gov/animals/animal-import-export>

INTERSTATE CERTIFICATE OF VETERINARY INSPECTION (ICVI)

An interstate CVI is required for cattle, horses, swine, sheep, goats, llamas/alpacas, deer/elk and misc. ruminants moving interstate. Extended Equine CVIs (EECVIs) are acceptable for horses. More information on EECVIs is available at www.globalvetlink.com and from your veterinarian. Note that interstate CVI's must be issued by a Category 2 accredited veterinarian. The interstate CVI is valid for 30 days from the date of CVI inspection. During the fair season, from July 1 through Labor Day, interstate CVI's can be used multiple times as long as the initial entrance to a NY fair is within 30 days of CVI inspection and the CVI is initialed by a NYS Agriculture and Markets official at the fair. All documentation must accompany the animals. Animals not meeting the interstate and/or fair requirements will not be allowed on the grounds. Individual official ID is required on all animals. Animals with incomplete or illegible ID will be rejected. Where rabies vaccination is required, the information can be included on the health certificate.

HORSES

Horses 6 months of age or older must test negative for equine infectious anemia (EIA). The sample collection date for the qualifying EIA test must be within 12 months prior to the date of entry to the fair. The horse must be clearly and completely identified. Rabies vaccination is required for all horses 4 months of age and older on the date of admission to a fair. Vaccination must be within the past 12 months.

CATTLE

Cattle must be identified by an official USDA approved ear tag. Radio frequency identification (RFID) ear tags, commonly referred to as "840 RFID tags," are strongly recommended. Cattle from all states must be test negative for BVD-PI with results and test date noted on the CVI. For cattle from the New England states, New Jersey, Ohio and Pennsylvania, no additional testing (other than the BVD-PI test) is required. For information on other states, you can contact DAI at 518-457-3971 or check the Department website at <https://agriculture.ny.gov/animals/animal-import-export>. Vaccination for rabies is required for all cattle 4 months of age or older on the date of admission to a fair. Vaccination must be within the past 12 months. Bovine respiratory disease complex vaccination is also required and must be documented.

SHEEP

Sheep can enter with CVI only. No tests are required. All sheep must be identified by a 1) a USDA approved ear tag, 2) a legible USDA approved flock tattoo with individual ID, or 3) electronic implant device (microchip) if the sheep is enrolled in the Scrapie Flock Certification Program. The veterinary statement concerning the flock inspection is required. Rabies vaccination is required for all sheep 4 months of age and older on the date of admission to a fair. Vaccination must be within the past 12 months unless a 3- year vaccination has been used.

GOATS

Goats can enter with CVI only. No tests are required. The veterinary statement concerning the flock inspection is required. All goats must be identified by 1) a USDA approved tag, 2) a legible registration tattoo, or 3) a legible USDA approved herd tattoo with individual animal ID. Electronic implant devices (microchips) are only permitted if enrolled in the Scrapie Flock Certification Program and/or the electronic implant ED is recorded on the goat's registration paper. Note that individual county fairs may require rabies vaccination.

SWINE

Swine can enter with CVI only. No tests are required. Swine must be identified by an official USDA approved ear tag. Radio frequency identification (RFID) ear tags, commonly referred to as "840 RFID tags," are strongly recommended. Note that individual county fairs may require rabies vaccination.

LLAMAS / ALPACAS

New world camelids attending a New York county or state fair must be accompanied by a CVI with animals individually identified by microchip or official ear tag. They must be test negative for BVD-PI with test date and results noted on the CVI. Note that individual county fairs may require rabies vaccination.

DEER/ELK (CERVIDAE)

CWD susceptible cervid species cannot be imported into New York. Non CWD susceptible species require a permit. For information on importing deer contact DAI at 518-457-3502.

POULTRY

Negative avian influenza and pullorum status is required for all poultry entering NY. Out of state poultry must be accompanied by the NPIP flock certificate if the flock is NPIP certified. Otherwise, a CVI is required. Poultry, with the exception of, doves and pigeons, must test negative for pullorum within 90 days prior to importation if not from an NPIP Pullorum-Typhoid Clean Flock. In addition, all poultry must be 1) from a source flock in which 30 birds were tested negative for avian influenza within ten days prior to entry into New York State; or 2) from an NPIP U.S. H5/H7 Avian Influenza Clean or NPIP U.S. Avian Influenza Clean Flock. For more information, contact DAI at 518-457-3971.

MISC. RUMINANTS

Certificate of veterinary inspection and official USDA approved ear tag. Note that individual county fairs may require rabies vaccination.

Pull to be held in front of Grandstand.

All owners must present a Vet Vaccination Certificate for each horse at time of entry.

NEW YORK STATE HORSE PULLERS ASSOC., INC.

Revised Rules for Horse Pulling

1. 27 1/2 ft. will be a qualified pull on Dynamometer. If boat is used, distance of qualified pull to be determined.
2. All light weight teams to be weighed at a designated place with an official present.
3. No changing of drivers or bridles during contest.
4. Driver may change sides with his horses - TIME PERMITTING.
5. In case of a breakdown (actual separation of equipment - not unhooking of chains or straps) team will go to end of lineup.
6. Competition open to all.
7. Ropes or lines to pull between to be determined by Judges. Standard distance 18'.
8. Measured distance to determine positions at the end of the contest. In case of a tie, the next longest distance will determine finishing position.
9. Two hookers - plus 2 men to drive team in (if needed) - will be allowed - LIMIT 5. All helpers to stay behind eveners and remain silent once team is hooked. Helpers cannot ride or touch machine. All others to remain out of the immediate pulling area (or behind boundary lines if this applies).
10. If a helper goes to the teams head, the team must unhook and circle before rehooking.
11. If a horse steps on or over ropes or lines, pull will be disqualified.
12. The driver is compelled to ride and stay seated during pull.
13. Each team has three chances to qualify each load.
14. Any team arriving late can hook to the existing load providing there are no teams eliminated.
15. A contestant has three passes, not to exceed three minutes to get hooked on from the time he is called to hook.
16. From the time distance is measured and stake is moved up, one minute will be allowed between 1st and 2nd pull, otherwise contestant forfeits 2nd pull. (Teams may unhook within time limit).
17. Teams pulling in heavy contest must have at least one horse that hasn't pulled in the previous contest. In event that there isn't enough teams to take up the prize money, any NON-WINNERS can return.
18. There will be no line slapping or helpers touching horses during contest. THIS RULE WILL BE EN-FORCED CONTESTANTS WILL BE ELIMINATED FROM CONTEST WITHOUT WARNING.

19. If during a contest, a team runs away FREE FROM DRIVER AND HELPERS, HE IS EXCLUDED FROM THE REST OF THE CONTEST. He will receive any prize money won up to this point.
20. Contest is over when the finishing positions have been announced.
21. Behavior of all horsemen (drivers and helpers alike) to be above reproach at all times or DISCIPLINARY ACTION BY THE JUDGES WILL BE TAKEN. ANYONE DISPUTING THE DECISION OF THE JUDGES WILL BE IMMEDIATELY DISQUALIFIED.
24. FURTHER DISCIPLINARY ACTION MAY BE TAKEN BY THE NEW YORK STATE HORSE PULLERS BOARD OF DIRECTORS. This may be by suspension from further contests for a given period of time, or by enforcing a fine (or both).
25. All participants will abide by the regulations of the NEW YORK STATE DRUG LAW. (Refusal to be tested is admitting guilt and subjects entry to all penalties of the law as described in Part 352 Section 1 through 5).
26. Improvement in dress code for both the teams and participants is suggested for a more appealing spectator image.

SECTION 1**GRAIN and MISCELLANEOUS CROPS**

The year in which the exhibit was grown should be stated on the exhibitor's tag.

Grains clipped, scoured and bleached may be disqualified at the discretion of the judges, since grain so treated is objectionable for seed purposes. In judging seed value, the following factors will be considered:

- a. Purity of seed. Relative freedom from weak seed, seeds of other crop plants, dirt, chaff, sprouted kernels and broken kernels.
- b. Relative freedom from obvious diseased seed.
- c. Relative freedom from mixtures of other varieties.
- d. Probable viability of seed, as indicated by its physical condition.
- e. Uniformity of the seed as to size, shape and color.
- f. Trueness to type. All exhibits should be correctly named as to variety. Exhibits that are distinctly off-type or misnamed should be disqualified.

PREMIUM**1st - \$2.25 2nd - \$1.50****CLASS NO.**

9. One quart, Alfalfa Seed (specify variety)
10. One quart, Winter Marrow Beans
11. One quart, White Pea Beans
12. One quart, Red Kidney Beans
13. One quart, White Kidney Beans

SECTION 2**SHEAVES, CEREALS,
FORAGE & SILAGE CROPS**

1. All sheaf exhibits must have been grown by the exhibitor during the current season.
2. The sheaves must be tied tightly by two bands and must measure at least four inches in diameter at the lower band.
3. Varieties must be correctly named.
4. Sheaf samples of hay must be well cured, not moist.
5. Sheaves of the cereals will be judged on the same basis as used under Section 1 for field crop seeds.
6. Grasses, legumes and silage crops will be judged on the basis of their values as forage or silage. Samples of hay will be judged in accordance with the factors used in determining hay grades under the standards of the U.S. Department of Agriculture.
